P2. Tournament Information

Junior Volleyball Wildcards:

For the Junior boys and girls volleyball tournaments, the rotation for the 'wildcard' spots (second-place teams advancing to D.S.B.N. Post-Regional Tournament) is as follows:

Junior tournaments will have 10 teams in each tournament. Two teams will automatically advance from each area. The other two teams will alternate each year.

2009 - Areas 1 and 3

2010 - Areas 2 and 4

2011 - Areas 1 and 3

etc.

Areas will determine how these 2 or 3 teams advance. The formula each have chosen to use will be explained in detail under each of the 4 area icons - ex. see Area 1 Volleyball

Junior Basketball Wildcards:

For the Junior boys and girls basketball tournaments there will no longer be a need for wildcards as 2 teams will advance from each area. How these 2 teams will be chosen is up to each of the 4 areas. An explanation of the formula being used may be found in each of the area sections under basketball.

Intermediate Groupings:

For both Volleyball and Basketball there will be 4 divisions. These divisions will be based on the Intermediate population within each school. For Volleyball the population as of Sept. 30th will be used while for Basketball the Nov. 30th figures will be used.

The 77 schools containing Intermediate students will be ranked from 1 to 77 in Intermediate population and then divided by 4. These will be the initial divisions. After entry applications are received these divisions may be slightly adjusted to make sure the divisions are fairly equal in numbers. The number of teams entered in each division will also determine if pre games are needed. In Basketball we can allow 8 teams to enter while in Volleyball 12 teams can be accommodated. Teams may apply to enter at a division higher then they have been placed at.
