Appendix I: An Important Reminder about the WHY AND HOW to USE the TRANSFER FORM- 2011-2012

Each school year, each secondary school in the N.R.H.S.A.A. must “hard copy” and complete the “OFSAA TRANSFER APPEAL” form when dealing with Zone student/athlete transfers. In other words, the “OFSAA TRANSFER APPEAL” form is the Zone form.

To get a copy go to: www.ofsaa.on.ca

Click on to “Policies” and then click on to “Transfer Policy” and then click on to “Transfer Appeal at September (dated that school year).”

Download the appropriate pages.

PHOTOCOPY the appropriate pages for EACH transfer student/athlete that is in your school; complete them perfectly and get them off to the Zone Transfer Committee.

NOTE: **The N.R.H.S.A.A. Transfer Committee will only deal with a transfer when it is WRITTEN on the current school year date(s).**

DATES/TIMES/LOCATION for Transfer Committee Meetings will be sent to the Athletic Designates in June, prior to the new school year or at the very latest early September of the new school year.

TURN TO THE NEXT PAGE FOR THE “WHY” OF THE TRANSFER POLICY AND ITS HISTORY. THIS MAY BE COPIED AND MIGHT BE USEFUL FOR PARENTS AND STUDENT/ATHLETES WHO ARE TRANSFERRING.

- THE TRANSFER POLICY-

The transfer policy has been in place since 1986. Virtually every provincial and state high school athletic body in North America has a transfer policy.

OBJECTIVES

- to encourage fair and equitable play amongst schools.
- to establish broad-based participation of the student body.
- to prevent the building of “super teams”.
- to create opportunity for the overall student population.

Appendix I - Transfer Policy - WHY and HOW to use the forms

BEFORE THE POLICY

Before the policy’s adoption, some alarming trends had emerged:

- Stacked teams were being created with students transferring into schools to play a sport, thus discouraging other students from participating.
- Winning became more important than providing an educational experience.
- Weak teams couldn’t improve or compete, which eventually discouraged participation and sports programs were forced to fold.
- Students switched schools to get a higher profile in a sport and obtain a U.S. scholarship.
- Students who had played in previous years were displaced from their team by a transfer students and weren’t able to participate.

ELIGIBILITY

- To be declared eligible, students must bring themselves within the criteria established in the policy.

CHANGES TO THE POLICY

- The policy has changed and evolved over the years. These changes are never made arbitrarily or unilaterally.
- The policy is developed by educators in a democratic and consultative manner.
- Proposed changes come forward in the form of a motion, and then input is garnered from the OFSAA Representatives’ Council, before the motion is carried or defeated by the Executive Council.
- In some instances, changes are adopted to deal with abuse of the policy and in an effort to continue enhancing overall participation.

KEY ELEMENTS

While there may be differing views about the policy, there are four key elements to keep in mind:

- It is democratically changed and implemented.
- There is a fair process that allows for students to appeal decisions.
- The policy’s existence is well-founded.
- It continues to uphold the values of school sport.

A copy of the policy, the OFSAA appeal form, and the dates of transfer hearings can be found at www.ofsaa.on.ca.
