

April's News

Mrs. Scalzo's Grade 2

We are now entering the final stretch of the grade two year and it doesn't seem like that long ago and we were just introducing ourselves to each other!

Math Update

This month we are now shifting our focus to 3-D Geometry and Patterning. It's always important when you can make a game at home to help your child practise their math skills. Identifying 3-D shapes at the grocery store or finding patterns when going on a trip is a fun way to get your child to love math!

Important Dates

- April 9- Easter Party!
- April 9 & 24 Pizza Day
- April 10- Good Friday (No School)
- April 13- Easter Monday (No School)
- April 15 & 29- Sub Day
- April 22- Earth Day
- April 28- Spring Concert
1:45 & 6:00
- April 30- Recognition

Reminder

Now that the weather is changing and we are getting a lot of rainy days, please remember to pack your child with an extra set of clothes. Playing in the puddles and slipping outside tends to bring in a lot of sad faces and wet bottoms. Extra pants and socks are good to have on hand!!

Literacy Corner

We are starting a new unit on Procedural Writing. We are learning the steps needed to tell someone how to make or do something. For example, how to make a peanut butter and jelly sandwich. This is something you could practise at home with your child. Pretend you are an alien and have no idea how to make something. Get them to tell you what is needed for a task and how to do that task. This is a great way for them to practise putting in the important details that they may forget
