

# February's News

Mrs. Scalzo's Grade 2

I would like to thank all the parents that have volunteered to help out in our classroom. I will be letting parents know when times and dates to help out become available.

## Reading Corner

Please remember to take time each and every day to read with your son/daughter. Try making up questions that you can ask them during and after their stories. You can also ask them to try and recount the main events in the story which will continue to build their reading skills and will help them in their reading comprehension.

$$\begin{array}{r} 15 \\ +13 \\ \hline \end{array}$$

## Math Update

Over the course of the next month we will be focussing on 2-D geometry and two digit addition and subtraction. If you would like to give your child some extra practice at home, feel free to make up simple questions for them that relate to our daily work at school. Remember practice makes perfect!

## Groundhog Day February 2

### Important Date to Remember:

- February 6: Pizza Day
- February 11: Sub Day
- February 13: Valentines Day Party !
- February 13: Skating 1:00
- February 16: Family Day (Holiday-No School)
- February 20: Pizza Day
- February 25: Early Release Day
- February 27: Recognition Assembly

### Quick Reminder!

As the cold winter weather continues please remember to always make sure your child wears snow pants, hats and mittens to school. This is very important with the extremely cold temperatures!
